1.1 Statement

- 1.1.1 Ballet West recognises the importance of providing and maintaining a safe and healthy environment in which to work, teach, study and dance. Nothing that we do is so important that it cannot be done safely.
- 1.1.2 It is our intention to meet our obligations under the Health and Safety at Work etc. Act 1974, which requires every employer, so far as is reasonably practicable, to ensure the health, safety and welfare at work of all employees, and to conduct our business so that students, employees and visitors are not exposed to risks to their health and safety.
- 1.1.3 To achieve this, we aim to promote a culture where health and safety is integrated into the management of Ballet West, including the allocation of resources appropriate to the risk as necessary.
- 1.1.4 This Health and Safety Policy describes how Ballet West, overseen by its Board of Trustees, manages the risks to health and safety and explains:
- The strategic aims of the Board and senior management;
 - The health and safety roles and responsibilities of staff at all levels.

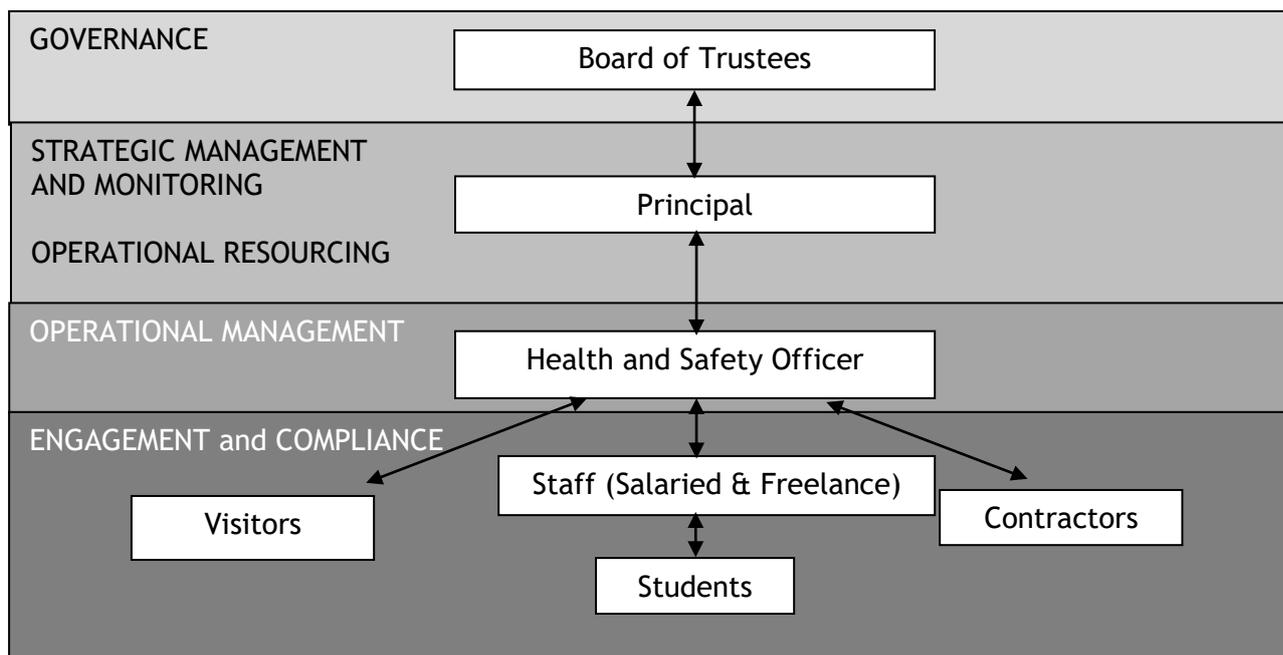

1.2 Aims

- 1.2.1 The principal aims of this Policy are to reduce risk to people and property and to ensure:
- legal compliance as a minimum;
 - that health and safety responsibilities are clearly defined;
 - that effective communication and consultation systems for health and safety are in place;
 - all staff are provided with health and safety training
 - all staff receive equipment and protective clothing needed for health and safety purposes
 - all staff have access to toilets, washing facilities and drinking water
 - all staff have access to adequate and appropriate first aid provision
 - that risk management systems are in place to prevent injury and ill health.

- 1.2.2 In order to have a robust health and safety management system, Ballet West has a clear risk assessment strategy which carefully examines the elements in work or study that could cause harm, and requires the implementation of effective control measures to minimise these risks.
- 1.2.3 One of the key aims of this Policy is to ensure that health and safety is culturally embedded in all Ballet West's activities.
- 1.2.4 This policy will be reviewed annually.
- 1.2.5 This policy applies to all staff (salaried and freelance), students, including all those engaged in classes delivered by Ballet West staff), contractors and visitors at Ballet West

1.3 Statement of Responsibilities for Health And Safety

- 1.3.1 This may be simply the core legal duty as an employee to co-operate with Ballet West. However, any employee acting in a managerial, professional or supervisory capacity bears additional management responsibilities. The more senior the appointment, the more onerous the responsibility. The level of that responsibility is directly linked to the level of control.
- 1.3.2 In health and safety terms, an individual member of staff will be responsible for those people and activities they are expected to control. This responsibility applies to all activities (work, study, dance classes, performances, etc.) wherever they take place (for example on campus, during trips, in theatres etc).
- 1.3.3 To enable everyone to understand what is expected of them, this Policy formally translates Ballet West's duties laid upon it by legislation, civil law and its own expectations in two ways:
 - as the Policy Statement which sets out Ballet West's commitment to health and safety.
 - a statement of responsibilities for each role. These responsibilities cannot be delegated. However, for staff, the actions needed to fulfil them can be passed on-to other role holders.

1.4 Health and Safety Roles and Responsibilities

The Board of Trustees

1.4.1 The Board of Trustees is ultimately responsible for the health and safety of everyone who could be harmed by Ballet West activities, both on and off Ballet West premises.
